

ATLAS BALKAN COMPANY LLC

Atlas Personal Protective Equipment is one of the leading companies in the sector in the supply of work safety materials, which has been continuing its trade adventure that started in Karaköy Thursday Market at Perpa Trade Center for more than 30 years. It has been involved in dynamism and innovation for many years in Karaköy, which has been the most vibrant place of trade as a port city of Istanbul since the past, and has used its experiences in branding, but it has never moved away from the warmth of craftsmen.

It has served in occupational safety for many years, has observed the needs of its customers and has contributed to domestic production by improving itself on these issues. In protective equipment; It continued to work with its own brand and certification studies in gloves, shoes, disposable overalls, gowns, surgical masks, dust masks, seat belts, work clothes and work shoes. The only foresters overalls and boots are offered for sale in Turkey ATLAS PPE. In addition to its intensive export activities in Europe and especially in the Balkan region, it has produced and offered the production of firefighter boots with its own brand with its collaborations.

It aims to provide complete satisfaction to all corporate and individual customers in terms of order organization and service. Occupational safety, protective equipment, disposable products, work clothes, work clothes, work gloves, work shoes, head protection products, helmets, goggles, various headgear, armbands and backrests, seat belts, lifeline, safety ropes, lanyards and fall arresters. , carabiners and hooks, construction site materials, pillows, beds, personnel cabinets, mattresses and bunk beds, blankets and bedding sets, traffic products, warning signs, warning signs, traffic cones, separator delineators, warning tapes, reflective tapes, warning strips, safety equipment etc. All products in Turkey and abroad is proud to serve their customers.
